Review of
Bromsgrove District Council
Polling Districts, Places and Stations

Your comments are sought, both at this preliminary stage of the Review, for which the deadline is 28 August 2019, but also during later opportunities to comment on the Council's proposals, once published (in September). Thank you in advance for your interest.

RESPONSE FORM (BR1)

(Please print off and return hard copy, or take an electronic copy and return as an attachment)

My comments are in respect of Polling District / Polling Station: Finstall First School
(please use a separate form per area/ Station)

The School being used as a Polling Station causes huge disruption to the children's education as well as to working parents who have to find someone to care for their children or take a day off work.

For larger elections, this affects 300 pupils and their families.

For elections where the footfall is not so high, we have been able to arrange a partial closure but it does not seem fair that the same 60 children, in the area of the School that we can vacate, always have to miss vital days of their education and the same parents always have to find alternative child-care arrangements.

If suggesting a change of Polling Station, please suggest alternative locations for our consideration (as existing Stations may be the only suitable premises identified to date for Polling Station use)

St Godwald's Church Hall ??
Finstall Village Hall ??

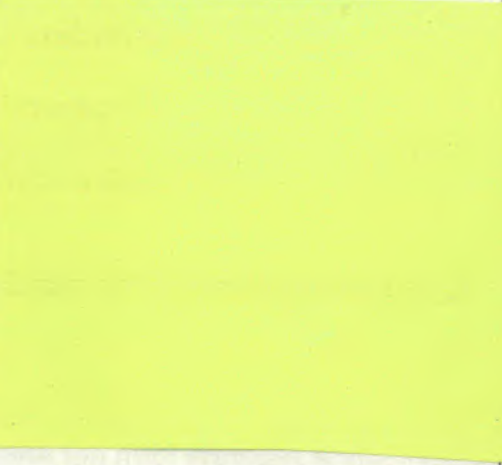

Please keep me informed about later stages of the review

YES

(Continue on separate sheet(s) as appropriate)

Review of Bromsgrove District Council Polling Districts, Places and Stations

Your comments are sought, both at this preliminary stage of the Review, for which the deadline is **28 August 2019**, but also during later opportunities to comment on the Council's proposals, once published (in **September**). Thank you in advance for your interest.

RESPONSE FORM (BR1)

(Please print off and return hard copy, or take an electronic copy and return as an attachment)

My comments are in respect of Polling District / Polling Station: Rubery/Holywell Primary School.....

(please use a separate form per area/ Station)

The Head Teacher and Governors of the school would prefer that the school is NOT to be used as a Polling Station in future for the following reasons:

- Disruption of the children's education, usually at a busy and important time during the year
- Inconvenience to parents; most are working parents who have to find alternative childcare (this can come at a cost) or take time off to look after them
- Other venues are available locally

If suggesting a change of Polling Station, please suggest alternative locations for our consideration (as existing Stations may be the only suitable premises identified to date for Polling Station use)

- Rubery Library
- Rubery Community and Leisure Centre
- Royal British Legion Rubery
- Rubery Social Club and Institute
- Whetty Lane Church Centre Rubery
- ST. Chad's Church Centre

RESPONSE FORM (BR1)

(Please print off and return hard copy, or take an electronic copy and return as an attachment)

My comments are in respect of Polling District / Polling Station: PERRY FIELDS
(please use a separate form per area/ Station)DODFORD.....

The Village Hall in Dodford is the only suitable venue for a polling station. It is in the middle of the village and is easily accessible to all disabilities.

If suggesting a change of Polling Station, please suggest alternative locations for our consideration (as existing Stations may be the only suitable premises identified to date for Polling Station use)

No alternatives available to suggest

Please keep me informed about later stages of the review

RESPONSE FORM (BR1)

(Please print off and return hard copy, or take an electronic copy and return as an attachment)

My comments are in respect of Polling District / Polling Station: Fairfield
(please use a separate form per area/ Station)

Fairfield Village Hall is easily accessible to most residents in the community that it serves; location and mobility accessibility.

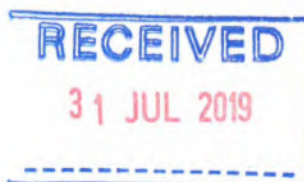

The hall and the elections staff are welcoming and there is sufficient space for parking, with dedicated bays for people that have a disability.

Fairfield Village Community Association would prefer no changes to be made to existing arrangements. Many older residents would struggle to get to a polling station that is located elsewhere; e.g. Bournheath Village Community Centre or in Belbroughton.

If suggesting a change of Polling Station, please suggest alternative locations for our consideration (as existing Stations may be the only suitable premises identified to date for Polling Station use)

Please keep me informed about later stages of the review

RESPONSE FORM (BR1)

(Please print off and return hard copy, or take an electronic copy and return as an attachment)

My comments are in respect of Polling District / Polling Station: CAS Barley Meadow

The last two elections I have had residents go to Catshill Village Hall despite their polling cards say Methodist Church. Could Catshill North and South be at both polling stations? Residents from Storubridge Road have to go past the village hall to get to the Methodist Church Hall.

If suggesting a change of Polling Station, please suggest alternative locations for our consideration (as existing Stations may be the only suitable premises identified to date for Polling Station use)

(Please print off and return hard copy, or take an electronic copy and return as an attachment)

My comments are in respect of Polling District / Polling Station: Alvechurch village
(please use a separate form per area/ Station) Bromsgrove DC

The baptist church in Alvechurch works well for the polling station as its in the centre of the village, its on a main road so visibility serves as a reminder to vote. It also has parking at the rear and good disabled access

only suggestion is to make sure the parking enforcement team dont visit on polling day: some people got tickets for parking just for 15 minutes while they went to vote!

If suggesting a change of Polling Station, please suggest alternative locations for our consideration (as existing Stations may be the only suitable premises identified to date for Polling Station use)

Suggest we keep this location

RESPONSE FORM (BR1)

(Please print off and return hard copy, or take an electronic copy and return as an attachment)

My comments are in respect of Polling District / Polling Station:

Cofton Hackett.

Members of Cofton Hackett Parish Council wish to propose that the new Cofton Village Hall (now nearing completion and handover) be used as an additional polling station to serve the significant numbers of new residents in the parish, particularly on the new Cofton Fields Development.

The address of the Hall is

**Cofton Village Hall
1 Village Hall Way
Cofton Hackett
Birmingham
B45 8PD**

If suggesting a change of Polling Station, please suggest alternative locations for our consideration (as existing Stations may be the only suitable premises identified to date for Polling Station use)
